Health Promotion and Disease Prevention

Elena Bastida, Professor and Chair Rashida Biggs, Clinical Assistant Professor William W. Darrow, Professor Jessy Devieux, Professor Carlos Espinal, Research Professor Melissa Howard, Clinical Assistant Professor Patria Rojas, Assistant Professor Mariana Sanchez, Assistant Professor

The Department offers Graduate Certificates, a Master's degree in Public Health (MPH) with a major in Health Promotion and Disease Prevention, MPH in Health Promotion and Disease Prevention with a Concentration in Maternal and Child Health, and a Ph.D. in Public Health with a major in Health Promotion and Disease Prevention.

MPH in Health Promotion and Disease Prevention

The courses prepare students to develop and implement health promotion/health education programs in various sites. This program of study is concerned with personal and public health lifestyles, identification of risk factors and behavioral change strategies that promote positive health behaviors of individuals, groups, and community. See also Graduate Certificates in Health Promotion and Maternal and Child Health, which do not require enrollment in the MPH degree program.

Admission Requirements

Applicants must meet the University's general graduate admission requirements:

- 1. A Bachelor's degree or equivalent from an accredited college or university or, in the case of foreign students, an institution recognized in its own country as preparing students for further study at the graduate level.
- A minimum 3.0 GPA on the last 60 undergraduate hours. In addition, applicants are required to submit 1) a current resume; 2) a written statement of purpose (career goals). Applicants are also encouraged to submit three letters of recommendation.
- 3. International graduate student applicants whose native language is not English are required to submit a score for the Test of English as a Foreign Language (TOEFL) or for the International English Language Testing System (IELTS). A total score of 80 on the iBT TOEFL or 6.5 overall on the IELTS is required. Students with diverse backgrounds are encouraged to apply.
- Submission of official GRE scores is optional. If a student decides to submit GRE scores, the scores must be less than 5 years old.

Practicum and Culminating Experience: (6 credits)

| PHC 6945 | Practicum in Public Health | 3 |
|-----------|--------------------------------------|---|
| PHC 6930C | Integrative Seminar in Public Health | 3 |

PHC 6945 (Practicum) and PHC 6930C (culminating experience) are both required for all MPH students. The Practicum may be taken after completing a minimum of 30 hours, including all core courses. The Practicum may be waived if the student has at least 3 years of relevant practice experience working in a public health practice setting. The waiver request is prepared and submitted by the student, through their Faculty Advisor and Department Chair, for final approval/disapproval by the Academic Public Health Director. If the Practicum requirement is waived, the student will need to substitute 3 additional approved hours so that the total curriculum hour requirement of 45 is met. MPH students are expected to complete PHC 6930c Integrative Seminar in Public Health during their last semester in the program.

MPH in Health Promotion and Disease Prevention with a Concentration in Maternal and Child Health

The total credit requirement for the MPH is 45 credits. The MCH Concentration is organizationally housed in the MPH

Health Promotion and Disease Prevention major which includes five courses (15 credits) in the MPH Core Curriculum, four courses (12 credits) in the HPDP Major and 2 courses (6 credits) in the Practicum and Culminating Experience. The other 12 credits, as noted above will include the MCH required and MCH elective coursework.

MPH Core Curriculum: (15 credits)

| Major in Health | Promotion and Disease Provention | |

Practicum and Culminating Experience: (6 credits)

| PHC 6945 | Practicum in Public Health | |
|-----------|--------------------------------------|--|
| PHC 6930C | Integrative Seminar in Public Health | |

The practicum may be waived if the student has at least 3 years of relevant public health practice experience, and substituted for 3 additional MCH elective credit hours.

Doctor of Philosophy in Public Health Major in Health Promotion and Disease Prevention

The Doctor of Philosophy (Ph.D.) in Public Health is available with a major in Health Promotion and Disease Prevention. Students will be expected to demonstrate significant research capacity by completing 60 credits beyond the Master's degree and through the writing of an original dissertation.

Doctoral Admissions

Applicants must meet the University's general graduate admission requirements:

- A four-year bachelor's degree or equivalent from a nationally accredited institution or, in the case of foreign students, from a well-established institution of higher learning that is authorized to grant degrees by appropriate authorities in that country.
- 2. A minimum of a 3.0 GPA, "B" average, in the last 60 upper-division undergraduate coursework, or a graduate degree from a nationally accredited institution.
- 3. Official GRE scores (scores must be no more than five years old).
- 4. International graduate student applicants whose native language is not English are required to submit a score for the Test of English as a Foreign Language (TOEFL) or for the International English Language Testing System (IELTS). A total score of 80 on the iBT TOEFL or a 6.5 overall on the IELTS is required.

The College also requires:

1. A current resume.

3

3

3

- 2. Three letters of recommendation.
- 3. A writing sample (master's thesis or project, published manuscript, or other).
- 4. A personal statement of interest.

Potential applicants are strongly encouraged to contact individual faculty to discuss common research interests since admission decisions may require identification of a potential faculty mentor.

Doctoral Requirements

A student may enroll for dissertation credits after completing all coursework, passing the candidacy examination, and being advanced to candidacy. Dissertation credits cannot be taken before advancement to candidacy.

The candidacy examination will be prepared and graded by a committee consisting of a minimum of three faculty members. Admission to candidacy requires that a majority of the committee members agree that the student passed the examination. A candidacy examination may not be passed conditionally. A "Pass" on the examination cannot be made contingent upon other factors such as the completion of additional coursework or the preparation of extra research projects. Students will be allowed only two attempts to pass the candidacy examination.

After a doctoral student is admitted to candidacy, continuous registration for at least 3 dissertation credit hours each semester (including the summer term) is required until the dissertation requirement is fulfilled.

Required Courses

The program requires a minimum of 75 credit hours beyond the baccalaureate which includes a minimum of 15 credit hours of dissertation credits. There are three components to the College Ph.D. curriculum. The first is a core curriculum shared across all majors (12 credit hours). The second component is specific to the major (30 credit hours) and secondary field courses (9 credit hours). The third component consists of the pre-dissertation research and/or elective courses (9 credit hours), and the dissertation, including 15 dissertation credit hours.

Shared Core Courses: (12 credits)- Required

Master of Social Work/ Master of Public Health in Health Promotion and Disease **Prevention (HPDP) Degree Pathway**

The MSW/MPH in Health Promotion and Disease Prevention degree pathway will be an interdisciplinary, three-year pathway incorporating knowledge and skills from social work and public health with a concentration in clinical social work and Health Promotion and Disease Prevention. The first year will consist of social work courses, followed by public health courses in the second year, and a combination of social work and public health

courses in the final year. The required credits for the pathway would be 90 credits.

Admissions Requirements

- · Students will need to apply to and be accepted into each degree program separately in order to qualify for the combined degree pathway. Students will have to meet the regular admissions criteria for each program.
- If a student is already in progress with either the MSW or MPH, the application to the other degree program will need to be submitted by the end of the 1st year of coursework. At that time, the student must notify both programs that they are interested in pursuing the combined degree pathway.

Substitutions:

• SOW 6533 Field Practicum II may substitute for PHC 6945 Practicum in Public Health with approval from internship coordinator in public health.

• Students may choose to take either PHC 6706 Research Methods in Public Health or SOW 5404 Social Work Research Methodology.

• Students must take two (2) electives in social work and two (2) electives in HPDP. The two (2) social work electives may substitute for the 3rd and 4th HPDP electives usually required.

• MSW/MPH students do not have to take PHC 6500 Foundations in Public Health.

MSW/MPH Program in Health Promotion and Disease Prevention (HPDP) with MSW Advanced Standing Status Degree Pathway

The MSW/MPH in Health Promotion and Disease Prevention with Advanced Standing degree pathway will be an interdisciplinary, two-year accelerated program incorporating knowledge and skills from social work and public health with a concentration in clinical social work and public health Promotion and Disease Prevention. Only students who already have an undergraduate degree in social work and meet the criteria for the advanced standing MSW may apply to this accelerated pathway. Both the first and second years of the pathway will involve social work and public health courses.

Admissions Process:

- Students will need to apply to and be accepted into each degree program separately in order to qualify for the combined degree pathway.
- For the MSW/MPH with advanced standing, admission to both programs must occur prior to beginning any coursework. At the time of admission, the students will need to notify both programs that they are interested in pursuing the combined degree pathway with advanced standing in social work.

Required Courses:

The required credits for the program is 66 credits.
